- **Date:** 2025-03-26
- **Time:** 10:00-11:00 AM
- **Location/Platform:** ERC Library Discussion Room
- **Attendees:**
    - Sangmoon Han
    - Soyeon Park
    - Yu-Tse Ling (Zona)
    - Man-Hua Chu (Kate)
    - Po-Yun Hsiao (Harold)
- **Agenda:**
    - Discuss our sprint 1 report
    - Discuss the motivation model
    - Allocate tasks for sprint 1 report
- **Discussion Points & Notes:**
    - Goals of the project include:
        a. Check whether there are errors in the existing codes and test the platform
        b. Reduce the loading time of the interactive textbook
        c. Add 3 more chapters of the orthodontics context to the interactive textbook
        d. Analyze the usage of the application, e.g., the time that a user is using the interactive textbook, the number of clicks, the visiting frequency of the user, the score record of the quiz
    - User stories of the requirement analysis will be discussed in the next stand-up meeting
    - Identify our personas, which are students, lecturers, and dental professionals, and revise the structure and content of the Do/Be/Feel list
- **Action Items:**
